

U14 Girls Hockey & U14 Boys Hockey

U14 West Cheshire and Wirral Girls Hockey Development Centre (1996 Birth Year)

U14 West Cheshire and Wirral Boys Hockey Development Centre (1996 Birth Year)

This is the second year of the England Hockey Single system. At the West Cheshire and Wirral Junior Development Centres (JDC's) we will build the core hockey skills of the young players, introducing them to game play and team tactics. The Development centre is staffed by qualified coaches and accepts players of all abilities and experience. All players who attended the U13 development centre are automatically invited to the U14 Centre and new players are welcome.

All players will receive 18 hours of coaching and game play (see dates below) and the JDC will include a selection process. This selection process will allow us to nominate players to progress to the next stage the Junior Academy (JAC). More information about the Single System for Hockey player pathway can be found at www.englishockey.co.uk/jac. There are two Junior Development Centres, one at the Upton by Chester pitch and one at Birkenhead School Pitch. Players should attend their **nearest** centre. Contact the coaches if you require details for the Birkenhead Centre.

Timings:

The Hockey Development Centres will take place at Upton High School AstroTurf Pitches (The county offices sports Ground) on the following dates:
